

Complementary Feeding: A Position Paper by the European Society for Paediatric Gastroenterology, Hepatology, and Nutrition (ESPGHAN) Committee on Nutrition: Erratum

In the article that appeared on page 119 in the January 2017 issue of *Journal of Pediatric Gastroenterology & Nutrition*, the authors inadvertently did not include a conflicts of interest statement. Please find the conflict of interest statement here:

C.C., C.M., N.F.M., I.H., A.L., N.E., F.I., and J.H. report no conflict of interest with respect to this paper. M.F. has received expenses and honoraria for lecturing on complementary feeding at 3 Nestle Nutrition Institute educational events; and for participating in a workshop on vegetables in complementary feeding with funding from Ella's kitchen and an expert group on iron in infant nutrition funded by Mead Johnson. M.D. received honoraria and expenses for participating in an expert group on iron in infant nutrition funded by Mead Johnson. J.B. received an honorarium from Nutricia for a lecture including CF.
