- Iranian National Medical Council
- Iranian National Pediatrics Society, Fars branch
- Gastroenterohepatology Research Center
- Iranian Association of Gastroenterology and Hepatology
- Iranian Society of Pediatric Gastroenterology and Hepatology
- Shiraz Transplant Research Center

Academic Appointments:

- Assistant Professor, 2012- Now
Department of Pediatric Gastroenterohepatology and nutrition, Shahid Beheshti University of Medical Sciences Tehran

Professional Work History and Teaching Experiences:

As an Assistant Professor, I have given many lectures to the medical students, pediatric residents, pediatric gastroenterohepatology fellows, and colleagues. This involved variety of topics in pediatric gastroenterohepatology. I also participated in regular lectures of physiopathology programs in Shahid Beheshti Medical School mofid children hospital (Failure to Thrive, Cholestasis, and Hepatitis, foreign body aspiration, Caustic ingestion, Upper and lower GI bleeding approach management and treatment, constipation, Malabsorption, Chronic diarrhea, Approach to liver function test, drug induce hepatotoxicity, abdominal pain). I also delivered lectures regularly on CME program for Pediatricians. Apart from this, I participated in teaching activities during my residency and fellowship.

2012- Now: Assistant Professor: Pediatric Gastroenterohepatology

Mofid Hospital, Shahid Beheshti University of Medical Sciences, Tehran, Iran

I have worked as an Assistant Professor in charge of the Pediatric Gastroenterohepatology and Pediatric Liver Transplantation. Pediatric Gastroenterohepatology is a busy unit with 16 beds. I have experience in managing various pediatric gastrointestinal and hepatic disorders. I coordinated the ward rounds with medical students and also supervised pediatric residents and pediatric gastroenterology fellowship. My teaching activities included regular lectures and bedside clinical teaching. In Endoscopy ward I practice and teach pediatric diagnostic and therapeutic upper gastrointestinal endoscopy and colonoscopy such as sclerotherapy, rubber band ligation, various balloon and Savary dilatations, esophageal stent, polypectomy, percutaneous endoscopic gastrostomy tube procedure and replacement tube, control of bleeding and ect. Also I perform esophageal, anorectal manometry and 24 hours pH metering with impedance in children and biofeedback .

2009-2011: Fellowship in Pediatric Gastroenterohepatology.

Nemazee Hospital, Shiraz University of Medical Sciences, Iran

This was my training in Pediatric Gastroenterohepatology. This gave me experience in pediatric gastroenterohepatology, endoscopy, and liver transplantation wards and clinics. I also participated in departmental teaching activities on regular basis.

I have worked as an fellowship in charge of the Pediatric Gastroenterohepatology and Pediatric Liver Transplantation. I work in Organ Transplantation Center as a member of Liver Transplantation Team for pretransplant and post-transplant care of children with end-stage liver diseases.

2008-2009: principle of Gerash Amir- Al- momenin hospital and emam-sadeq medical school university

In this hospital and university I work as director for improve quality of medical and educational facilities.

2003-2009: Pediatrician and Neonate, Evaz Governmental Hospital, Iran

In this hospital, I worked as qualified Pediatrician. My duties included ward round in the mornings and clinics in the afternoon. These posts gave me experience to work with limited medical facilities.

2000–2003: Residency in Pediatrics and Neonate.

Nemazee Hospital, Shiraz University of Medical Sciences, Shiraz, Iran

This was my training in Pediatrics and Neonate. This gave me experience in pediatric and neonatal ward, intensive care and clinics. I was exposed to different pediatric subspeciality such as gastroenterology, infectious disease, immunology, neurology, nephrology, cardiology, endocrinology, hematology, oncology, neonatology and emergency medicine.

I also participated in departmental teaching activities on regular basis.

1997-2000: General Practice, Gerash Amir-Al-momenin Hospital, Iran

I worked in general practice which gave me experience in adult and pediatrics emergency.

1995-1997: Internship, Shiraz University of Medical Sciences, Iran

I gained experience in medicine, surgery, ENT, pediatrics, emergency, obstetric and gynecology, urology during this 1 year of compulsory internship.
